## Training camp held for World Championship Field and 3D Teams

Last month four archers and three team officials took part in a weekend's field training camp as they prepare for international glory in not one but two competitions. The training camp was split over two days and saw the archers battle the elements first at Lakeview Archers in the Waikato and then at Massey Archery Club.

Regan Walters and team manager Trinity Sarjant are off to the 2024 World Archery 3D Championships which takes place in Mokrice, Slovenia at the beginning of October.

Archers Kelly Atkinson, Emily Cavell and Max Maggs (ably supported by team managers Janis Blake and Fleur Maggs) are heading to Lac La Biche in Canada for the 2024 World Archery Field Championships - 16-22 September where they will be joined by Lily Brislen.

Lily Brislen is already in Canada and has spent the northern summer teaching archery to kids at a camp three hours' drive north of Toronto. Since camp finished, she's taken part in the Archery Alberta Outdoor Target Provincials, taking gold in her division in both a Double 720 and the Field competition.

The training camp wrapped up after the teams were presented with their New Zealand shirts by Murray Prowse – Archery NZ Board Deputy Chair. We look forward to seeing them do us all proud on the world stage.

# Tertiary League Results Term 3

The new points system started this term, with a big jump in points awarded to those tertiary institutes with archers competing. With study loads heavy at this time of year, the number of competitors this term was quieter than it has been. University of Auckland benefited most and has sailed ahead on the Leader Table.

There are still points going begging in some categories, particularly at Novice and Development level. University of Auckland is well ahead but not out of reach. This term's league close-off date is the 24th of November - hopefully giving you time to shoot after exams are finished.

## Archery Tertiary League Leader Table 2024

Tertiary Institute	Term One	Term Two	Term Three	Overall	
<i>University of Auckland</i>	6	9	24	39	1st
<i>Massey University</i>	3	3	11	17	2nd
<i>Unitec Institute of Technology</i>		1	8	9	3rd
<i>Open Polytechnic</i>	3	3		6	
<i>Victoria University of Wellington</i>	5		1	6	
<i>Media Design School</i>		2	1	3	
<i>Otago Polytechnic</i>					
<i>University of Otago</i>					

# FISU World University Games

Information is coming in for the Rhine-Ruhr FISU University Games 2025. The dates of the competition are 17 - 28 July 2025, with the Archery competition being held in the city of Essen.

## Eligibility

- The University Games are for archers **under 25 years old**.
- Archers can come from **any Tertiary Institute as long as you are studying for a Degree or Diploma**. Archers who are not studying at a University will need to have their entry endorsed by UTSNZ.
- Archers who have finished their degree/diploma in the year before (i.e. this year) are still eligible to apply.
- Archers have to meet the selection criteria for a **Tier Two event** under the Archery NZ Selection Policy.
- Qualifying scores must be achieved by 26 February 2025.
- You need to submit an [Expression of Interest](#) if you are thinking about going. This does not commit you in any way, it just helps the selectors to know who to be watching when considering selecting the team. It does need to be completed as soon as possible.

This is a very exciting opportunity for our tertiary archers to get out on the world stage. We have the talent; it is time to shine!.
